Dear Stew:

I have gotten about nine standard paragraphs down so that they can be batted 1, 3, and 4 or 6, 7, and 9, and I think it would be a very good repeat job to the memory to those people who have to buy zoological supplies this fall if I drop them a line of a couple or three paragraphs from this country. The stamp alone will sharpen their interests. You wrote me in your last letter that a number of people had sent their best regards to me and so I would like to have a list of those people that you can remember as well as a list of people not contained in my address book but to whom I could send standardized paragraphs to. Naturally I will have to write further paragraphs which are not at all personal.

Yours,

John F. Bass

P.S. - I am enclosing a copy of standardized paragraphs.
